To Whom It May Concern,

This Letter serves as a recommendation for one Mr. Bryan Evans and for Jammin' DJ in which I have been doing mutual business with for over 10 years. From the moment that Jammin' DJ first became a part of the Platte River Bar and Grills Entertainment scene, they have shown the versatility to change and progress with the ever changing entertainment world. With a wide range of different categories to choose from (Trivia, Weddings, DJ'ing, Video/Audio Production and Specialty Events), I have come to trust in their judgement on what's best for the Platte.

Jammin' DJ's lead person, Bryan Evans, has been the main guy in which the Platte has dealt with in all phases of our entertainment program. During Bryan's time here, he has been a great asset with his involvement in both promoting the Platte and being a consummate host for Jammin' DJ's productions.

Having been in the hospitality field for 38 years, I would recommend them to any business who could benefit from their expertise and knowledge in the entertainment business. In conclusion, It is a honor and pleasure to continue to do business with Jammin' DJ as well as Bryan Evans.

Frank Degat
Manager of the Platte River Bar and Grill
