To Whom It May Concern,

The services of Jammin' Feud, and all of its DJ's, have exceeded beyond what we expected. Any DJ that we have is always on time, if not 30- 45 minutes early to set up and converse with our customers, whom the DJ's have grown to know very well. We have many customers come in specifically just to play Jammin' Feud, and base the start of their week on that fact. The DJ's are always very kind and generous to our customers, and all bring a different taste of individuality to share with us. They are punctual, on time, friendly and always make sure that our customers are laughing and having fun. We enjoy greatly the reoccurring business, laughter and fun that these men bring to us every Monday night, and would highly recommend this service to anyone who was interested.

If you have any further questions, please don't hesitate to give us a call, or stop by anytime.

Sincerely,

*Rick Best*
